Ed and Brent. We await your comments. Has EPA's revised map resolved your concerns? Also, we had better extend the tolling period by another three months since the tolling period expires in May. Ken

Ken:

I spoke with Brent yesterday; he's travelling this week, but we should be ready to suggest any tweaks, or approve the text next week. As I mentioned yesterday, Johns Manville has had trouble understanding proposed Exhibit A. The block designated as "Johns Manville Asbestos Plant and Riverside Landfill" appears to extend too far to the west. Could you advise what maps or other information were used to develop this shaded area? This information would be helpful to resolving our agreement.

Thanks,

Edward P. Kenney
